

Seeds Uniting Church, Kurralta Park Campus

Position available: Community Connections Researcher

- Casual position (3 months up to 11.25 hours per week)

Us: The Seeds Kurralta Park (SKP) Church community is located in an area surrounded by a diverse population in both age groups and ethnicity. SKP has attracted a number of people from these groups, but we acknowledge that it needs to be more relevant to local families especially with younger children.

The Position: We are looking for someone to help us develop exciting, colourful and interactive activities or programs or events that can support those in the community with children.

We need a person who can through research, talking with both local organisations and local people tell us:

- What is happening in our community for families and children.
- Identify what opportunities there may be for SKP to get involved.
- Recommend to SKP what are some achievable things we could develop.
- Map out the steps we need to take to get them going

The SKP Core Team has been thinking about this for a while and has some ideas that we would like to be explored through this process.

Finally, at SKP we take seriously not only our Mission Statement but also our Core Values that we would expect to see across the life of SKP.

- A vibrant Christ-centred Community
- A place for everyone
- Travelling together in Christ
- Embracing growth in life and faith
- Adventurous in spirit
- Serving and loving others
